West Virginia	●	26
Wisconsin	●	8
Wyoming	○	0

¹"In your state, do any schools serve as Medicaid providers by providing health services to students?"
(State Health Services Questionnaire, Item 11)

²"Currently, how many school-based health centers offer health services to students in your state?
School-based health centers are health centers on school property where enrolled students can receive
primary care, including diagnostic and treatment services. These services are usually provided by a
nurse practitioner or physician's assistant. Please do not include a traveling or mobile health center."
(State Health Services Questionnaire, Item 51)
